

Deep Confession (Jn. 12:1-8)

Today's message is entitled deep confession. I believe that those who have read the bible scripture will understand today's message. Mary was able to give her sincere and earnest deep confession to the Lord. All mankind is living according to God's plan and God's plan lies within them. There is no one that can escape God's plan. Unseen to the eyes they are compelled within God's plan. However, God's plan is absolute and it has already been predestined. It is unchanging. In the age of Adam the covenant of God's plan was the offspring of women of Genesis 3:15. In that time of age all people received the answer of the offspring of women. God's word is eternal and everlasting however, at that time that was their answer. In the age of Noah God's plan was Noah's ark. Those who entered into the ark all lived. Those who questioned God and didn't enter Noah's ark had no choice but to die. God's covenant always lies within life. For example, if you have the thought that because you did not build the ark you cannot enter in the ark you will have no choice but to face death. For example, if there is a thief that steals for a living but decides to enter into the ark the thief will live. It's truly amazing and of course, it is all by God's grace. In the age of the Exodus God's covenant and plan was to enter into the land of Canaan. This was the answer not only to the Israelites but to all nations including the Gentiles. If they simply head towards the land of Canaan they will absolutely be able to surpass life in the wilderness. It was the wilderness where all mankind would die within three days however, when they held onto the covenant and entered into the land of Canaan they were able to live within the wilderness for more than 40 years. It doesn't matter if they lack faith or strength. Even if they lacked the strong conviction it didn't matter as long as they headed towards the land of Canaan. This is what it means that God's plan is absolute. It is the absoluteness of God that says, "I do not need anything of yours for with me alone everything will be done." This is how the covenant is even within the present time. If you truly believe this, to what extent can you believe within your heart? How much can you truly know of it and how much conviction can you have of it? All you have to do is believe and confess that Jesus is your Christ and set your life direction to that. All you have to do is simply follow after it and not nitpick over it. It is God's commandment for God's commandment is unchanging. No matter how much you try you are still lacking. You may think that what you have done is enough but you must continue this till the day that God calls you. The more you do this the more pleased God will be. What is that you must come to the answer of? There is nothing to come, the answer of, for God has already finished all things for you. You have no right to decide whether you should do it or not because God simply wants you to do it for He has already finished all things for you. This is the answer for you and in order for you to receive answers this is the solution. So may you deeply think of this, resolve it in your heart, and come to the answer of it. Of course, as you do it there are times when you see your weakness and lackings. That is when you hold that as your prayer topic. It is incorrect of you to say that because I don't have this I won't do your work. You

must pray I need to do your work so bless me with the light of economy. If there are no disciples you must pray to God please send the workers and disciples to me in the field. Rather you must never say that you will not do His work because there are not enough workers. It is your prayer, please send your workers for the harvest is full and please open the doors for we will go to the very ends. This must be your posture and attitude and this must take place within all of us. It is not a true prayer to even ask God should I go and enter the land of Canaan or not. It has already been said and predestined so there is no reason for you to second guess it. It is incorrect of you to even question God. "I don't think this is right so I will not do it". It's not that you are doing it but you must be able to pray to God to give you strength so that you can do His works. Despite your circumstance, your surroundings, and the state that you are in you must do it. What will happen if you do it? You will be able to see miracles take place to which you will be able to surpass life in the wilderness. It's truly outstanding. You will be able to see all things overturned through the miracles God places within your life. This is how you must run your business and this is how you must study. That is how you will be filled with the manna that comes from above and you will be able to see and drink the water from the rock. All the livestock including the locusts will swarm to you which will be more than enough. It is God's conclusion in the bible that says this is your life. How come you are not able to live the life that God has set for you? This is because your thoughts are compelled with something else. The present time, the land of Canaan that we must enter, is 237, healing, and summit. That is why this is the answer to your life. This is not your commission. This is the answer to your life. When it comes to commission, you have a choice. You can choose what you're going to do. Whether it's big or small, may you live the life of the covenant. This is not for God's sake. It is for your sake, and this is not your commission but your life. I do believe that even though the parents are lacking, God will bless the children in this matter. God knows the thoughts that are far away. Not only that, but he knows the number of your hair strands. He knows everything about you. To be honest with you, this is so simple. If your life is complicated, you have many thoughts, and you continue to speak of such things, it is because this is not taking place in your heart. It is only Satan that blocks you. Mankind can never block you. That is why, if it's not working out for you, may you confess the name of Jesus Christ to yourself and fight the spiritual battle. With this alone, everything is finished. God is looking for the one who lives this life. Within all the small decisions and matters that happen in your life, may you apply it according to this, according to what is fitting to your state and circumstance. Within the circumstances that you are in, that is God's time schedule for you. You may have a small amount of money, yet you continuously ask God for an enormous amount of money. That would be impossible. With the set amount of money that you have, give it to God because you are able to do that. God is looking at the center of the heart of those who are able to give this amount to Him. For those who are questioning why their life is not taking place, may you stand within this line. If you are questioning why your life in the wilderness is in this state, may you stand within this line. To be honest, you don't

have to speak so much or fervently pray. Within the state and circumstance you are in, may you align yourself to the covenant, and everything will be resolved. Mary was a person who had such a big heart. How was it possible that she had such a big heart? It was a perfume that was worth 300 denarii, a year's worth of salary. How was it possible that she had such a big heart to be used for the Lord? It is because she truly knew who Jesus was. That is why she was a woman who had such a big heart. Do you want to live a grand life? It's not that you need to put in the effort. That's religion. You must first be spiritually well off inside of Christ. That is how you will be able to live a grand life. Inside of Christ and confessing Christ, you will be able to live a grand life, and not only that, but also be used for the sake of His work. It'd be far better for you to do other things rather than staying put and perishing. That is why the first point we'll be looking at is "Make the Accurate Confession."

1. Make the Accurate Confession

You must make the deep confession, and it must be accurate. It shouldn't be an incorrect confession that you make to God. Then, you'll become strange and your life will be strange. Today's incident was when Mary poured a very expensive perfume on Jesus's feet and wiped it with her hair. With what kind of heart do you think she wiped His feet with her own hair? It means she was expressing her sincere heart to the Lord. It was the sincere heart she gave because there was no other method to express herself to the Lord. The perfume she used was the greatest perfume. The scholars of the Bible state this expensive perfume she used was not from Israel but imported from the eastern side of Nepal or India. With all the money that she had saved up throughout the year, she bought an expensive perfume, poured it on Jesus's feet, and wiped it with her hair. That's not your average woman. She came to realize the truth of Jesus Christ. An average person, even if they realize the truth, they would never be able to use such an amount of money on a perfume like her. She truly knew that Jesus was going to be put on the cross. And if you take a look at the four books of the gospel, even if the disciples themselves had hardly believed that Jesus was going to be hung on the cross. Mary, with a strong conviction, believed in it. She was able to use all the money that she had saved up throughout the year and used it for the Lord. The amount isn't really important, but she did use a tremendous amount of money just for this work. She knew that, when Jesus Christ was to be put on the cross, His feet would be nailed. She thought about how in pain His feet would be when they are nailed to the cross. That is why she poured expensive ointment on His feet and wiped it with her hair. She knew that His hands would be nailed on the cross. But she thought, "How could a sinner like me dare to wipe His hands?" That is why she washed His feet. She probably cried a lot. Do you believe she simply wiped His feet once with a sincere heart like that? I believe that, in tears, she would have wept before Him and confessed, "You are my Christ." And that is how she was able to wipe his feet with her hair. Jesus knew it all but the disciples said nonsense words. That is why he tells his disciples, "Leave her alone." No one knew of it, but Jesus knew. That is why he said, "so she may keep it for the day of my burial." How do you think Jesus would have felt?

He was so thankful and was able to wonder how it was possible of her to know of this. In Jesus's point of view, he must have seen that it was God working in her because he said it various times, but nobody would believe in him. When Simon Peter made the confession, "You are the Christ, the Son of the living God." Jesus replied, "Blessed are you, Simon Bar-Jonah! For flesh and blood has not revealed this to you, but my Father who is in heaven." When the centurion came before Jesus, he said this before him, asking him to heal his servant. Jesus said to him, "Truly I tell you with no one in Israel have I found have such faith." and then Jesus simply said, "Go let it be done for you as you have believed." And the servant was healed at that very moment. I believe that Mary's sincere confession of faith was at this level. In Mark 14:9, this is what Jesus said. "And truly, I say to you, wherever the gospel is proclaimed in the whole world, what she has done will be told in memory of her." Why do you think Jesus said this? Is it because it was similar to what was done before? Is it because she devoted herself to wipe his feet with her hair? No, it would not make sense in the value of Jesus. She already believed that Jesus was her Christ, so she was in tears as she wiped his feet and confessed this. That is why the Lord says that when you proclaim the Gospel, you should speak of the memory of her as well. Just like Mary's realization of Jesus Christ, may this be upon you as well. For Mary, she gave the most expensive thing that she owned, but it was not of a loss for her. You must not fall into the misconception that you are offering so much to the Lord, but you must really come to believe that Jesus is your Christ and the solution to all problems. May you simply let these words not just pass by, but confirm that He is your Christ. For Mary herself, nothing was at a loss because she knew this answer. She had the heart that the Lord, Jesus Christ, deserves all of this. That is why she did not say a single word, but wiped her feet with his hair and cleaned his feet with expensive perfume. Without saying a single word, she wept, but Jesus knew her heart. Of course, it is very right of her to pour the most expensive perfume on the feet of Jesus that were to be nailed on the cross. Mary already knew that Jesus could not avoid the path that He needed to take. At that very moment, she was able to confess, "You are my Christ". She did not wash his hands but she washed his feet with her hair. As she washed his feet with her hair she kissed his feet many times. How do you think she truly felt as she wiped and kissed his feet? She truly knew who Christ was. Of course, she truly knew and believed who He was and she felt it inside of her heart. With strong conviction she went to the Lord and poured the expensive perfume on his feet and wiped it with her hair. May you be overflowing with the blessing of God's grace so that you are able to come to realize who Christ is just like Mary. May the blessing be upon all of us including myself and those who are giving worship at home to realize who Christ is in your heart just like Mary. As much as you discover Christ your life will take place. It is the proper prayer for you to ask to come to know who Christ is rather than asking God to make your life take place. Christ is the standard to all that is why Christ must come inside of you as the covenant. That is where everything will be finished inside of Christ. It's very important for us to listen to the message and receive grace. May you go home and meditate and ask God if Jesus is truly my Christ

and what does it mean that He is the Christ. You must be able to come to your personal answer. It is the true start when you are able to come to realize deep within your heart and feel it within your heart. If you don't have this time, it cannot be 100% for you it can only be 50%. May you return back home and ask yourself, who is Jesus to me? I hope that God opens up our spiritual eyes so that we can uncover Christ just like Mary had uncovered Christ.

2. Don't Follow the Words of Others

Judah spoke such wicked words that proved to be right. Judah was a thief but not only that, he said such wicked words that inside incited others. This is the fundamental reason why we say that the act of Judah was so wicked. It is because he spoke the wicked words that proved to be right. They are words that disturb you as well. You must not be deceived by it. The reason why you may fall into the words of others and be deceived is that you may not have the accurate standard. It is because the standard to all is Christ and 237. If you have the sure standard you will not be deceived by the words of others. Not only that, you will be able to see and be on the lookout for those who speak those words. Of course, it proves to be right, however, you will come to see that they are such wicked words. When you have the correct standard, your spiritual eyes will be opened. You will be able to come to have the spiritual eyes open to the extent that you will see that those words are such wicked words. You must be able to discern them and protect yourself from these wicked words. When others speak wicked words to you, you must be able to pray for them and bind the works of Satan that are working behind them. Amongst us, there are many with the heart to live as an evangelist. Also, many of us have the heart to live as a church officer. Such evangelists and church officers, may you not be deceived by these wicked words. In all the fields of evangelism, there are good and wicked words. You should not be deceived by it as an evangelist. It is not a problem for you to help the poor. It is right to help the poor, but they do not have the spiritual eyes to see that this is not the true problem after all. Many people speak such nonsense words when they should pour down the most expensive things to the Lord. They are unable to see the wicked words that Judah is speaking. For those who do not go all into Christ, they can only half heartedly see it. Then half of it will become the wicked words that they fall into. Their faith cannot be 100% to only Jesus Christ. Even if your faith is only 50%, you are able to do only Christ. Even if you force yourself, you must go into only Christ, head towards 237, and go into the land of Canaan. That is why we say that God's plan is unchanging. His plan is absolute, so we must never fall into the path of Judah. God's plan is absolute, that is why we must be able to follow after it. It is unchanging. There is no reason for you to look for a different path, just simply follow after the path that is unchanging and will never change until the second coming of Jesus Christ. It is so incorrect for you to even question the Lord if you should go or not and say such nonsense to God. It is such nonsense for you to even question such things to the Lord. You must change your prayer from worldly things to God's plan. You should pray before the Lord and ask for answers rather than giving up. It is the answer to your life for you to walk on this path. We do believe that

this will be the answer and blessing not only for yourself but to the posterity as long as you are able to follow this path of the covenantal journey rather than seeking after answers that you desire for God to give to you. To say that Christ and 237 are the answers means that you will receive all things within that. It is the answer for you to receive more answers from the Lord. Many people fervently pray for God to answer them. This is not wrong, but it is so easy for them to be deceived. Their fundament must be only Christ and the reason for them to receive answers must be within the standard of 237 and world evangelism. It is one of the Bible's evidence that if you continuously live this life, you will receive continuous answers. May the blessing be upon us all so that we may be able to deeply realize and uncover that Jesus is truly our Christ. I have many weak and lacking points as well. There are many things of God that fill me. I am never complete and perfect. It is of course incorrect to say that when you become perfect, you will partake in 237. In the state and circumstances that you are within, you must partake in 237. It is so selfish to tell God to receive you as you are, but yet you will not partake in the works that he desires you to partake in. In the state and the form you are in, you must head towards 237 and only Christ. Especially for the young adults and the remnants please firmly hold to the covenant. The Bible repeats that this is the only answer for the sake of your life and the future as well. May this blessing be upon you in which he pours down his grace that we will truly come to realize and uncover just like Mary has that Jesus is our Christ.
