

The Evangelist's Manual (Titus 1:1-5)

There is one thing that we must confess right now and forevermore it is to testify that Jesus is the Christ the son of the living God. rightfully so, we must relay this to our posterity as well. Jesus is the Christ the Son of the Living God. We are children of God who live our lives holding onto the answer that God gives to us through the pulpit. You must always keep in mind that you are the evangelist that holds onto God's given commission and has faith in God. Two weeks ago, we received the message entitled Liberation from Curses to which we have been liberated from sin, curses, and satan. That became a driving force for us to which Christ has crushed satan on the cross to which he has liberated us from all. Last week we received much grace from the message entitled the true life. We received the word that when we look only to the Lord and resolve all things before the Lord we are truly happy. All you have to keep in mind is that, that is the joyful life that you must live. I'm able to see that all of you are in a state of happiness because you are able to enjoy that word. I was able to hear the report from the Latin America missions taking place through Reverend Jang as well as our evangelist team in which they have received many answers and grace. I was able to confirm through what I have seen as well as heard of the news that the Triune God is at work and the Triune God transcends time and space in that field. I do believe that the word that is being proclaimed right now will become your life answer and direction that you must take. Let me share with you a disciple that you may not be quite familiar with. We all know evangelist Paul. He is the evangelist that was able to lead the mission field and he stands as a model for us. Paul had countless disciples but there were two disciples that he considered as a son. Timothy was a very precious remnant ever since he was young. He was born in a believing family. Also in today's scripture it says "To Titus, my true child in a common faith." He spoke of Titus as his own son. Through this sermon may it be the time where you are able to organize the gospel, prayer, and evangelism through Titus's life. Titus was able to receive the answer of the evangelist that continued to seek after God's plan behind all meetings. He was the evangelist that gave the utmost glory to God. There is a reason why Titus came into my heart. Timothy from the onset was born in a Christian family. On the contrary, Titus was born in a non believing family. Of course, this was a disciple that God would never attach to Peter. This was the disciple that God had attached to Apostle Paul because he continued to seek after and save the Gentiles. He was a nonbeliever that seeked and followed after different idols. It also records that he was very educated and a scholar. But when he was lost within his own spiritual life that was when God allowed him to meet evangelist Paul. After he met Apostle Paul and heard the gospel he began to live his life as a true evangelist. Also, he was a Pastor that was able to save one region. I bless you all in the name of the Lord that the organized gospel that was upon Titus will be upon you as your hold onto it as your covenant. During Apostle Paul's second ministry of his evangelism journey that took place problems arose within the Corinth church. During that time in that region and age it was filled with gnostic ideology. Of course the region was so advanced to which they fell into confusion of their own sexuality. They were not able to have the deep root of the gospel take place inside them first that is why when they came inside of the church there were confusions and problems

that arose. There was a crisis that the church faced. That is when Apostle Paul commissioned Titus to that region. 2 Corinthians chapter 7 verse 6 through 15 records his ministry. It is the content of Apostle Paul who was so pleased with his ministry that is why he complimented him. The next place that he was sent out to was Crete. Crete was a place that Timothy was in charge of; however, there were many great works that arose and were emphasized. That is why he commissioned Timothy there and commissioned Titus to Crete. That was when he was sent out to the region of Crete. What do you think Titus did in the region of Crete? He was able to prepare the system that raised up disciples and the elders. Not only that breaks down the forces of darkness upon the region. Not only that when Apostle Paul was sent out to Rome he went along with him to stand as his prayer background. It also records that he ran his pastoral ministry in Dalmatia and in the present times it is Ugloslavia. It also records inside the bible that he returned back to Crete and was martyred. There are a few messages that you must receive through the life of Titus.

1. His gospel was organized.

May you be the disciples that are aligned within the stream of the word. There was a young adult that was not able to be within the stream of the word. There was an incident that left a scar on the young adult. The young adult faces such sufferings and hardships to the extent that there was no purpose for him to continue to live. However, he continuously attended church and his mother would always remind him whatever the case may be you must follow after the word. So for his case there was no pulpit message of the stream that he followed after that is why he opened the bible. On the very moment when he wanted to commit suicide he opened up his bible and that is when it spoke about a person that went and killed himself. That's when he thought to himself God wants me to kill myself but yet again he opened up his bible and then a scripture from the book of Luke hit his heart. The scripture says you must do exactly what has been written. On the brink of his own death he was very angry. So he said, "The third time is a charm. Let me try that again." So he opened up the Bible again. Then it spoke about the book of John. It records in all the work that you desire to do, you must do it. These are the negative side effects that come when you are not in the stream of the word. May you be in the stream of the word. You are the most precious and blessed evangelist and disciples. May you truly live the life of the evangelist that will be able to give all glory to God as you are within the stream of the local and para churches. He was an evangelist that was able to follow after the word that was spoken through the evangelist. Wherever Apostle Paul went at that time he was within him out in the field as he held onto the pulpit stream. Many received much grace but for Titus himself he received much more grace to which he was able to be aligned to the word. This is the answer that you must first receive. He was a man that was born Greek and he fell into and was educated by the culture of idols. However, he was unable to find his happiness. Through Apostle Paul's first evangelism journey he was able to hear the gospel. He was predestined to receive salvation as the disciple that is why from the very onset he received the gospel. With boldness and confidence may you go out to the field because there are the disciples that await you. He had the answer because he was highly educated within the culture of Greece and their economy that he received but yet he was wandering. He fell into religion. Of

course, because he was in such a spiritual desperate matter he fervently prayed. But yet it was Apostle Paul who was able to testify the gospel to him. At that time, in the early ages, they only testified the gospel to the Jews. Apostle Paul received the commission to testify the accurate gospel to the Gentiles. He testified that the gospel is not only following the laws of Judaism. He was able to hear the true gospel of Jesus who is to come. May you be reminded of the organized gospel that Titus held. He was able to believe that it is the Creator God who created all things in the universe. God created man in His own image and for them to abide in Him. It explains in Genesis 2:17 that He has created them to be with him. It states, "but of the tree of the knowledge of good and evil you shall not eat, for in the day that you eat of it you shall surely die." This was the blessing manual that God had given to Adam and Eve, but they lost hold of the covenant. That is when the incident of Genesis 3 arose. That was the start of when mankind fell into sin. The background of that is Satan. They were enslaved to Satan to which they lived as his slaves. That is the state of Ephesians 2:1-3. They have spiritual perished. They follow after the things of the world. They have become slaves to the sons of the world. They have no choice but to be in that state of the sons of disobedience. That is why mankind are in the state of sin, curses, and Satan. They fall into idol worship and mental and physical illnesses. They have no choice but to suffer and conclude their life in which hell awaits them. What is a greater hell for mankind who are stuck within this? It is the fact that the spiritual inheritance will bring this to their future generations and prosperities. Many people want to come out of this but fall into efforts, religion, good deeds, and philosophy. This was the state of the believers of Corinthian Church. Romans 5:8 states that it is Christ who has come. It states, "but God shows his love for us in that while we were still sinners, Christ died for us." He is the Christ. He is the savior. Even before he was born, he had been destined to come to earth. Matthew 1:21 states, "She will bear a son and you will call him Jesus for he will save his people from their sins." It is Christ who has come to solve the fundamental problems. It is only Christ who is the answer for people to come out of sin, curses, disasters, and the work of Satan. That is why we call him the true prophet, true priest, and true king. He has a name. He is Jesus. When you testify that Jesus is the Christ, the doors of evangelism will be closed. That is why change the question and ask them if they know Christ or what the three offices of Christ are. Then they will start to question that and ask you who Christ is. That is when you testify that he is the one that has saved you from the fundamental problems that you are seized by. He is the answer for you to come out of the fate and destiny that you can never come out of on your own. The curses and disasters will be upon your prosperity and you will see that but Christ has finished that once and for all for you. It is Christ who has resurrected, it is Jesus. When you tell them that, they will be so amazed. It was able to confirm it out in the field. Last week, I went out with a Remnant to share the gospel. We met a Caucasian man, but he would not greet us from the screen door. We told him that we were there to share the gospel. I asked him if he knew Christ. That is when he was interested. Just like I shared with you, I shared it with him. He then came out of his screen door and accepted Jesus Christ in his heart. He told us that he was a church-goer for a long time. It is ironic that many say that they know who Jesus is but do not know who Christ is. Christ is

the one who has been appointed. He is the Messiah. He is the Christ. That is why you must continuously meditate and confess Christ. That is the answer. God has given you With, Immanuel, Oneness so that you can enjoy this truth. There is a new praise entitled, "WIO WIO." It is an acronym for With, Immanuel, and Oneness. If you listen to it once, you will find yourself listening to it continuously. It is With, Immanuel, Oneness. God who is with me, God who is with me through Immanuel, and God who is with me through all things. It is the lyrics that gives thanks and praise Him. That is the gospel that must be organized to you. Then, you will never shake. That is because you have the answer. When you enjoy this answer, God will attach you to these people. When you have the gospel, you will be able to see the things behind that amidst the hardships that you face. If your spiritual eyes are not opened, the Genesis 3, 6, and 11 inside of you will appear. Should I imitate you? You will panic and wonder who you will tell or talk about it with. May you all be the ones in the stream of the word. When you organize the word as your own, you will be able to save many people.

2. His prayer was organized.

Titus lived a life as an evangelist and pastor that saved many regions. He was able to look at Apostle Paul as a model for his life. He was able to see how Apostle Paul prayed. He was able to see that prayer was the driving force behind all of his ministry in Crete, Dalmatia, and Corinth. You also received training about how to pray from Reverend Jang. If you do not have the correct understanding, it is the incorrect prayer. I believe that is not the case for our congregation. Many believers in the world calculate to pray before God. Most cases, ask God for more than a second. That person read the book of 1 Peter and uncovered that. God answered to say that all of the amounts of money is a second for God. He asked God for a great amount of money. God answered to wait and He will give it in one million years. Many years is like a second to God, so he has to wait many years before being answered, so your calculations will never work. May you be able to organize the gospel that Titus was able to organize and enjoy the overflowing blessing upon your life. He was a person that enjoyed the Triune God. He was able to enjoy and have faith in the power of God's Word which is the Father God. His son, the God, Jesus Christ who has broken down the three curses. He is the one that completed our salvation, solved the three curses, and pulled us out from the 9 problems. He was an evangelist that always praised Christ. He was able to testify of Christ accurately to others. It is because he knew the pain and suffering as a nonbeliever. That is why he had no choice but to testify of Christ accurately to others. How was it for you before you accepted Christ? You lived a life full of darkness and wandering. Now you have liberation from all because you have received Jesus Christ who is the light that cast away all the darkness. That is why for Titus himself, he was in the prayer of enjoying Christ every day. Not only that, he prayed having faith in the Holy Spirit that works upon him whenever he testifies of Christ. He enjoyed the Triune God. We call it the Trinity. Yet, there is no record of the use of these terms in the Bible. In the past, I met a Jehovah's Witness and got into a debate regarding the mention of the Trinity in the Bible. There is no recording of the Trinity, but every aspect of the Bible speaks about God the Father, the Son, and the Holy Spirit. And if you do not know the blessing and authority of the Trinity and you're not able

to enjoy that, then you will end up living a religious life. Most churches that are seized by the law of Judaism are compelled to that. Those are the Jewish churches, the Seventh Day Adventists, and Jehovah's Witnesses. Many of them serve that religion and belief. So may you begin the prayer that enjoys the Triune God as much as your heart desires. But God does not end with that. God has given three lives so that you are able to conquer that. First, it is the image of God. What do you look like right now? Regardless of that, you have God's image within you. God has given you life, and you are able to conquer all things as you live. God has placed the breath of life in you, so may you give all glory to God. God has also given you the Word that is living and active. God gave the Word to Adam and Eve to conquer the Garden of Eden. Just as the Word says, go and conquer it. That is because God does everything according to His word. If you obey the Word and do as the Word tells you to do and pray holding onto it, then it will be fulfilled. It does not end with that. There are three transcendences that appear upon you as you pray. Christ who is sitting on the throne will surely answer you. The answer is so effective to the extent to which it will transcend time and space. Even now, God's plan to save the 237 nations is being fulfilled. Right now, the Triune God himself is working to fulfill evangelism as we are sitting here, giving worship to God right now. The witnesses of this are Pastor Jang, Pastor Matsuda, Pastor Ricardo, and our precious Remnants who are in Guatemala. Rightfully so, as we live in America, God will open the doors to save the multiethnic. Your prayer is not focused on your own motives and desires. You are praying, seeking after what God desires. This age is advanced and easy to live comfortably. Yet, this age is filled with spiritual problems. Yesterday, we had the Children's Retreat here. We showed a few clips, and they were shocked. You may have heard of it, but there's a region in Philadelphia called Kensington. It is seized by drugs. And there's a new drug, and once you take it, you can't come out of it. You become a zombie. Their brain becomes so paralyzed by the drug that you act like a zombie. And I was about to imitate that, but I will stop myself. If you look it up on Youtube, you will be able to find clips of what is taking place there. I heard the forums of the people there. One woman who was able to come out of the drug addiction gave her testimony. The drug addicts are not homeless. They are all people who once had decent jobs. But through one mistake, they fell into a drug and were not able to come out of it. With tears, she said that she regrets that she did it, but what's more heartbreaking is that her daughter also fell into it so they can't move out of the area. They sell these drugs for five, ten dollars, so anyone is able to access it. That is the strategy of the drug dealers. Then, once they are addicted, they sell it for a high price. Why did this happen to these people? It is because they had the incorrect imprints. That is why yesterday's children's retreat was to change those imprints to the correct imprints. What is imprinted in you? You may not be aware, but you are imprinted with me-center, success-center, and wealth-center. The only way for you to overturn that is through Christ. So we continued to testify that Jesus is the Christ to the children. I hope that you will hold onto this covenant and be victorious. You must live your life knowing what you must do. That's why this age is the age of the pastors, the church officers, and the remnants. Of course, these are words that the nonbelievers could never understand. They would be in an uproar hearing these words when they are seized by the three curses and state of the

twelve problems. It is the pastors, the church officers, and the remnants who hold onto the answer, who have come out of that and stand as the main figures to save this age. They are the ones who are able to save the future. That is why we pray holding onto it as the covenant, and we go hand in hand. That is why I have spoken to you about the 393 blessings regarding prayer. Pastor Ryu as well as Pastor Jang have constantly emphasized this to us. Some of us may already have an understanding of this and are in the prayer. May you not pray for anything else, but may you pray for the 393 blessings. That is the blessing of Matthew 6:33. What God desires is for Christ and world evangelization to be fulfilled. I bless you in the name of the Lord that you will be the person of true prayer that prays for this.

3. His evangelism was organized.

Why must you evangelize? I want to share a story with you all. I was a little worried about sharing this story, so I told my sons to laugh the loudest when I tell it at the pulpit. But I don't hear my sons right now. So I will share it with you all with courage. It is heaven, and Jesus is sitting on the throne. Of course, we will all stand before Him to receive judgment. So, there is a deacon, a great believer, who stands before God. Jesus greets the deacon, saying, "Oh, you're finally here! Well done." So the deacon is very thankful and stands beside Jesus. Then, a pastor comes in, and Jesus stands up from His throne abruptly. He goes to the pastor and hugs him. So the deacon thought to himself, "The pastors are acknowledged on earth as well as here in heaven. I didn't expect Jesus to discriminate." Of course, Jesus would know his thoughts, so he whispered, "I'm just glad to see a pastor in a long time." I hope that is not the truth. That is why our pastor, holding onto the mission he has been given, went out to the field. We hold onto the mission that we must go to testify the gospel that has been lost to the pastors in America. This is just a story, but unfortunately, if it is true, what would happen? May you be the ones to help your pastors to evangelize. It is not difficult for them to evangelize. But with a humble heart, if you simply evangelize, the pastors will be touched by that. I hope you will be able to hear the good news that many of us went to testify the gospel just like our pastors. That is why you must be able to organize your evangelism. The present age is like the age in which Titus lived. They were colonized by Rome and greatly influenced by the culture of the idols by the great nations surrounding them at the time. That is why they needed to testify the gospel. They needed those who hold onto the gospel. We are being led and have come to uncover the Biblical evangelism testified through Reverend Jang and the historical evangelist of this age. That is why our method of this age is only Christ and the holy spirit. How thankful are we that we are living the life led by his word. That is why let me tell you about the Evangelism Manual. May you hold onto the 5 absolutes. It is the absolute sovereignty that all problems and incidents that occur upon your life are within God's plan. What are your concerns as of now? Are you worried about your husband, wife, or children? You must know that they hold onto the absolute sovereignty and are within God's hand. They will return back to the Lord and stand as God's witness. You must uncover his absolute plan within problems. If you do not uncover his plan, you have no choice but to be stuck within the problems that you face. When there is an incident that arises you have no choice but to be in fear. You will be anxious. Within crises you will not know

what to do. Some people will try to run away. What will happen when you uncover God's absolute plan? May you enjoy the absolute plan that God's hand is upon it all. The covenant God has given to you is the absolute covenant. The 66th book of the Bible is the absolute covenant. The pulpit message centered on the gospel is the absolute covenant. Those who hold onto the absolute covenant will never fail. It may seem like a failure at first, but all of it will be overturned into a platform and a foundation for answers. The covenant is the absolute answer. You who hold onto the covenant, where do you stand right now? What kind of work are you doing? What kind of problems are you trying to solve on your own? That is the absolute journey that you must take. Regardless of your skills and background, your identity is that you are an evangelist. That is why every step you take, God is watching over you. Even within your mistakes and flaws, he will close his eyes and not look upon that. You will be able to take the path of the journey of the evangelist that will surrender and obey the word of God. Why is that the case? It is because that is God's absolute plan for you. World evangelism is God's absolute goal. God said he would do world evangelism through you. May you testify to yourself, "God will do world evangelism through me." That is God's absolute goal, so may you not lose hold of that. As you may know, God's word is unchanging. God will never change it. Those who tried to change the word of God themselves have no choice but to perish. Even all nations who tried to block God's absolute goal perished. They were blown away like the wind. May you always be reminded of his absolute goal. Inside of this, contains evangelism. Evangelism is what God has entrusted to you. This scripture is what I received much grace through. In verse 3, "and at the proper time manifested in his word through the preaching with which I have been entrusted by the command of God our Savior;" This is what Apostle Paul, the evangelist, has written. He was able to know how precious the work of evangelism was and saw much value in it. He was able to give his all as he uncovered the disciples in his field. Even if his field was prison, he went to prison. The first, second, and third evangelism journeys are the fields that Apostle Paul went to. Theologians who looked upon Apostle Paul's life were able to record the evangelism of the fourth and fifth evangelism journeys. What was he able to do in prison? The evangelists that he had raised up met him and received the word and went out to the field to testify the gospel. Evangelist Apostle Paul stands as a witness to which he received so many great answers even during the fifth evangelism journey. Titus, who witnessed it all, had no choice but to receive the same great answers. We have continuously listened to the five basics of Darakbang, team ministry, regional church, specialist church, and mission home. Many times you may think that you are not receiving the answers of the five basics. That is not the case, it is God's absolute goal, so he will fulfill it upon your life. How can you confirm these answers? It all lies within you. When you concentrate your spiritual state upon his word as well as evangelism and prayer, that is when you will be able to confirm all the work that will take place. After Sunday worship when you return back home, what do you do first? You must be able to live your physical life. Inside of Christ you must do this for 24 hours. You have no choice but to concentrate on the world, success, and money because you are unable to enjoy that spiritual life upon you. I want you to truly concentrate on the word, prayer, and evangelism, to the extent that you will be able to focus and see all the incidents

and problems in the meetings that you face. This is the spiritual state that you must urgently change. When you are able to change your spiritual state, God will allow such meetings to take place and problems to be resolved. In the field, when you quietly enjoy Christ, God will be with you. That is Darakbang. When you enjoy the gospel, God will attach the disciples to you. When you testify of Christ to them, they will be changed into a person of Christ like you. That is team ministry. You will be able to have a word forum, prayer forum, and evangelism forum take place upon your household. That is the mission home. What kind of occupation do you have? In the occupation that you have, you will be able to testify that Jesus is the Christ and that becomes a specialized church. The region, home that you reside in right now, that is the start of saving your region. That is the regional church. Why is that the case? It is because your spiritual state is concentrated on Christ. That is when God will open up the doors of evangelism for you. This is the greatest blessing of Immanuel that God is with you.

Conclusion

When the gospel is organized, you will be happy. When you are happy, you will open your spiritual eyes to see the problems and hardships you face. If you do not have the organized gospel to which your spiritual eyes are not open, you will be so frustrated with the incidents, problems, and meetings you have. That is why you must go and organize the gospel once again. You must see that the start of all problems is the Fundamental Problem and it is Christ who resolved the fundamental problem. The holy spirit is with you even now. You must be able to organize that gospel upon you. Then may you quietly pray to yourself. May you be in the prayer that enjoys the triune God. May you enjoy the prayer of the 3 lives. That is the prayer that you will be able to enjoy the three answers of the transcendences. That is when God will give you the evidence to see the 237 nations. This is the age that you will be used to save. It is only those who have the gospel who can save this age. It is the age of the pastors, the church officers, and the remnants. When you go out to the field, all the forces of darkness will crumble. When you go out to the field, God will attach the people he has prepared for you. May you take a careful look and look at their inner state rather than their physical state. You are able to see their inner state through a conversation that you have with them. They will share their problems regarding their money or husband but you will be able to see that they are asking for the answer of Jesus Christ upon them. I do hope that you will be able to organize the gospel, word, prayer, and evangelism just like Titus. Titus had many nicknames, such as the "true son, coworker, one who works along with others, angel of the church, glory of God". These are the answers you must receive. We are the evangelists and coworkers of Pastor Jang. We are the church ministers that must go hand in hand with Pastor Jang. I do hope that God's glory will be upon you. I bless you in the name of the Lord that you will live the life of the evangelist within the evangelist's journey.
