The Absolute Disciple

Matthew 13:1-9

Camp is the time of prayer to be led by the door that God opens to testify the Gospel and seek the disciples. The one who was accurately led in this way is Apostle Paul. His camp was centered on preparing the accurate Gospel through prayer and to be God's complete servant. Also, he was centered on running his ministry through disciples. After the disciples arised, he nurtured them and departed to another region. Great works arose even more during his time in prison.
